Journal of Co-operative Studies

The Society publishes a journal three times a year. Each issue contains a lively and interesting range of articles analysing all sectors of the movement. It is essential reading for anyone interested in co-operatives at either an academic or practical level. It is posted free to all members.

Annual Conference

Each year in September the Society holds its annual conference on a theme of current importance to co-operative members.

Research Register

The Society maintains a register of research activity into issues of co-operative interest.

UK SOCIETY FOR
CO-OPERATIVE
STUDIES

The UK Society for Co-operative Studies

The Society is an independent voluntary organisation and registered charity, based in the United Kingdom.

The Society welcomes into membership Co-operative members, employees, managers, specialist practitioners and academics in the United Kingdom, as well as overseas, who share the Society's interest in the UK and world wide Co-operative movements.

Objectives

- To advance the education of the public concerning all aspects of the Co-operative Movement, and co-operative forms of structure.
- To assist, commission and/or identify, and to publish research into the Co-operative Movement.
- To promote the exchange of information and experience on Co-operative studies and research.

Individuals or organisations may become members of the Society, and the membership year commences on 1 April. Those joining after the commencement of the membership year receive back issues of the Journal. Individual members receive one copy of the Journal for the rest of the year.

The membership rates are set out below. There is a scale of charges based on the ability of members to pay, and we ask members to opt for the sponsorship rate. However, we have kept the minimum rate as low as possible in order not to deter those of limited means. We also welcome donations. If you are a UK tax payer, please sign the Gift Aid declaration overleaf to cover any donations you make.
